

WCT Adelboden International 10.09. – 13.09.2020

Coronavirus Safety Rules

In view of the current Corona pandemic, the Organizing Committee shall ensure that all possible sources of infection are minimized, and all the rules of the Swiss Government and the Canton of Bern are consequently respected. As safety for athletes, coaches, staff and spectators have the highest priority.

One main rule from the WCT Adelboden International is not to mix Athletes and spectators. Athletes are not allowed to mix with spectators during the tournament. Athletes will have their own entry to the locker rooms and to the curling rink.

Disinfection products are in place, all club members who use the ice rink facilities are required to register themselves to enable contact tracing in case of an infection.

During the stay in the non-curling area we recommend wearing a mask.

Before and during the tournament

After arrival at the ice rink, athletes and coaches will only be allowed to the ice rink for their training session and for their games.

We provide disinfection products in all areas. Players clean their stones and the scoreboard before starting to play with disinfection product. Players are requested to leave the ice rink immediately after the game.

When playing; Coaches and 5th players have reserved seating area in the spectators' room – behind their sheet strictly reserved for them. They will have their own entry. The coach bench is granted with sufficient distance (1.5m) to the spectators.

A part of the restaurant is reserved and separated for the players' lounge. Food and beverages will be provided in the player's lounge. The entry to the player's lounge is only accessible for athletes and coaches.

The locker rooms are divided into teams and times, so that the athletes can change their clothes with enough distance. The locker rooms will be opened 30 minutes before the start of the game. The first mentioned team gets the access for the first 10 minutes, after that there is the change for the second mentioned team also for 10 minutes. We recommend that the athletes wear a mask and stay only for a short time in the locker rooms.

Locker rooms will be cleaned daily.

Athletes and Coaches have their own access to the washrooms next to the locker rooms.

Brooms and other equipment must be taken back to the hotel / Air BnB and cannot be left in the locker rooms.

Masks are available if desired.

Spectators

Spectators will use another entrance and exit as the athletes and coaches. All must respect the distance of 1.5m. There are separate washrooms for the spectators/ staff only (not to be used by athletes/ coaches).

Overall, we kindly ask everybody to respect the basic rules on hygiene and distance.

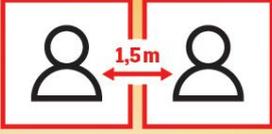

Organising Committee of the WCT Adelboden International

Status 31st August 2020
